2021 was the time for the Lord to bless me with a renewed sense of vision and a renewed sense of purpose. The Lord has kept the same gut feeling in me to keep going back into the neighborhoods for the purpose of raising a new generation. For this new year, the Lord put it on my heart to go to the book of Acts where He showed me Acts 2:22. It basically said we will get to see signs, miracles and wonders this year. The past two years the devil shook what could be shaken. Now it is God's time to shake the earth for His people's sake.

This year is the time to be aware of all the signs, miracles and wonders that are happening all around the world. Don't be distracted. Look up. It's time to fix our eyes on what Jesus has for us. John 9:4 says we need to 'do the works of the Lord as long as it is day because the night is coming.' All we have to do is to look at what is happening around us and throughout the world to realize the time is short. This year will be God's turn to shake things and speak so loudly for those in covenant with Him to see His glory. The Lord will make His name known. As we continue to bring the Word of God into different communities in 2022, to penetrate the cultures within the cultures, we will see the miracles of God. As we obeyed God in our outreach at Saddlewood Apartments, we witnessed God's miracles, His presence, and His provision. 2022 is the time for those in church to get their hearts right with God, because judgement comes to the House of God first. We must live Holy. We must pray for the fear of the Lord to return to the Church. It is through doing this that we make 2022 different from any other year. If we become and remain Covenant People, serving Him will come with ease.

2022 will be the year for SOS to begin preparing for more. There is a need and He is leading us to it. For the past 30 years, SOS has honored and remained faithful to the vision the Lord gave me in the beginning. 2022 will be the year for you to see the next phase of this vision being prepared, something I believe seriously and wholeheartedly. This year we will see what God can do. This is the time for us to prepare ourselves for all this signs, miracles and wonders.

Thank you for your faithful prayers and partnership throughout all these years. THE BEST is yet to come! We will see His good plans come to pass! God is going to shake the earth in 2022!
