JJ'S VISION FOR 2023

30 years ago, God told me SOS would be a part of bringing together the body of Christ. In 2024, God is calling upon us to fight for unity amongst the body of Christ in the Brazos Valley. God is calling us to the valley of decision. We must decide if we are going to follow God or if we are going to compromise.

The scripture He gave me is Psalm 24. We are going from a Psalm 23 year and walking into a Psalm 24 year. In Psalm 24, we are called to be a people “whose hands are pure, who do not worship idols and never tell lies”. We must remain firm in His truth to continue to bring unity to His body. He is calling us to stand out, to be different than those of the world but He has told us in Zechariah 2:5 that He “will be a protective wall of fire around Jerusalem and will be the glory inside the city”.

When we look at what the number 4 represents, we see that it symbolizes a door, an open door. This year will be the year of open doors! God is opening the doors of the Church, and they are to not be shut. God is opening doors so that this year, we are going to watch the chains of addictions, fall right off people.

There is a new wine and holy fire ready to fall afresh, but we must be ready for the battle. We do not need to live in fear of the battle, for our God has already won the ultimate battle when He conquered death. We must stand on the Word of God and not waiver in our faith. We must let our confidence in Him be a light of hope to those around us, and we must boldly proclaim His truth.

Let us make 2024 the year of unity. God is going to bring a holy separation to the Brazos Valley. He will bring salvation to many, and we will see a new wine set before us. This is the year of miracles. I am so excited to see how God uses SOS to be a part of what He is doing.

God bless you,
